

CARLOS SANCHEZ RECIO

MOBILE AND FULLSTACK DEVELOPER

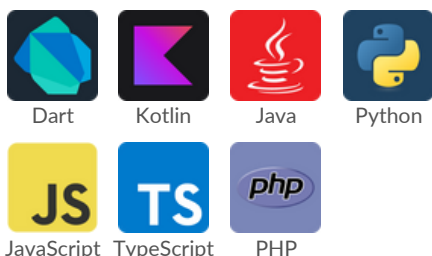

Dedicated mobile app and full stack developer, started as a self-taught coder now ready to start my journey as a professional to prove my technical, and non-technical, skills in real situations. Always seeking new knowledge, and open minded for criticism to keep growing as a programmer and a person.

Programming languages

Frameworks and libraries

Other tools & skills

LANGUAGES

- Spanish: native
- Catalan: bilingual
- English: B2/First level

EDUCATION

- AI and Big Data specialization master** On going
IEDIB, Palma de Mallorca
Understand and develop different AI models and use them for business automation, productivity improvement, etc.
- DAM HNC** 2022 - 2024
CESUR, Palma de Mallorca
Mobile app development focused but with expertise in data fetching and internet services management, learned about how to create mobile apps from their design (current flows, how to interact with users, I3E standards, etc) to how to code it to give the best user experience possible.
- ASIR HNC** 2020 - 2022
IES Sa Colomina, Ibiza
Operating Systems and Networking Administration, learned about various computer fields like network security, server-side programming, internet services configuration and administration, etc.
- Physics Degree** 2017 - 2020
University of Balearic Islands, Palma de Mallorca
Not finished degree on physics, learned about physics, mathematics, chemistry basics and data manipulation and visualization with Python.

WORKING EXPERIENCE

- Son Bunyola Virgin Hotels** Jul 2024 - Present
Palma de Mallorca
Summer job as a valet, being responsible for maintaining all offices stocked with hotel consumables for guests.
- Omniaces (internship)** Mar 2024 - Jun 2024
Palma de Mallorca
DAM's HNC internship as a full stack developer, mainly dedicated to the maintenance and addition of functionalities in APIs with NestJS, in addition to the development of a cross-platform app with Flutter for data visualization.
- Delivery driver** Summers 2016 - 2022
Ibiza
Delivery driver and warehouseman in various companies like *Exclusivas Miró* and *Frutas Javier* (family's company), being responsible for organizing delivery routes, driver assistants, client needs and order preparation.
